

"Fire Dial 000 Songs"

Music and Lyrics by Greg Schultz (c) 2000.

MATCHES AND LIGHTERS

Matches and lighters
They're nasty little blighters
Just like a sharp knife
They can get you into strife
Just remember they can be real bad
So give them to your mum or dad

Ooh ... Matches
Ooh ... Lighters
Ooh ... Matches
Ooh ... Lighters
Just remember they can be real bad
So give them to your mum or dad

Matches and lighters
Are just for lighting fires
So when you're at home
Make sure you leave them alone
Just remember they can be real bad
So give them to your mum or dad

(Repeat chorus)

GOOD FIRES/BAD FIRES

There are good... fires
And bad ... fires
They can make you happy
They can make you sad
Good ... fires
You have to make sure
That good doesn't turn to bad

Three are good ... fires
Keeps you warm when it's oh so cold
And bad ... fires
Don't let the fire get out of control
They can make you happy
They can make you sad
Good ... fires
Cooks the food on the barbecue
And bad ... fires
Don't forget to turn it off when you're through
You have to make sure
That good doesn't turn to bad

CANDLES

Candles in your window make a pretty sight
A special kind of magic when they light up the night
Candles on your birthday cake are so much fun
But you must remember everyone

Be careful how you handle a candle
They look so pretty but you gotta take care
Be careful how you handle a candle
You gotta remember...
To blow them all out (whoosh)

Candles at Christmas time bring so much joy
They flicker and they sparkle more than any toy
Carols by candlelight can be such fun
But you must remember everyone

(Repeat chorus twice)

SMOKE ALARM SONG

Poor Fred
He went to bed
Had no smoke alarm to wake his head
Fire came in the middle of the night
And set his bedroom all alight

It filled with smoke
And made him choke
He didn't have time to escape, poor bloke
So if you don't wanna come to no harm
Get yourself a smoke alarm

A smoke alarm
A smoke alarm
So if you don't wanna come to no harm
Get yourself a smoke alarm

(Repeat verse 1 and 2 plus chorus)

CRAWL LOW UNDER SMOKE

There's a fire in the house
The smoke alarm sounds
You roll out of your bed
But the smoke fills your head
You can't see a thing
And your eyes start to sting
So what do you do
To get yourself out

You roll onto the floor
And crawl for the door
You gotta get outside
As fast as you can
You roll onto the floor
Where the air is much more
The only way to go
Is down on the floor and crawl low
Under the smoke

DIAL ZERO, ZERO, ZERO

If you're all alone
And there's a fire in your home
Get out and grab a phone and
Dial zero, zero, zero

Don't mess about
'Cause there's no time for doubt
Just get yourself out
And dial zero, zero, zero

Zero, zero, zero
Zero, zero, zero
Find a telephone and
Dial zero, zero, zero
Tell them there's a fire
And could they please come quick

Whatcha gonna do
When it's all up to you
And you haven't got a clue
Dial zero, zero, zero
Don't try to fight
The fire with all your might
'Cause you'll set yourself alight
Just dial zero, zero, zero

(Repeat chorus)

THE CAMP FIRE SONG

Put out the campfire
Put out the campfire
Put out the campfire
Put out the campfire

You don't talk to strangers
Without your mum or dad
When you go for a skate
You got to wear your knee pads
You brush your teeth
Before you go to bed
When you ride your bike
You put a helmet on your head

All these things
You just gotta do
Cause if you don't
It's gonna be the end of you

So if you go camping,
And you light a camp fire
There's one more rule
That your gonna require
Before you leave
Don't just walk away
Remember to make it safe

Put out the campfire
Put out the campfire
Put out the campfire
Put out the campfire
